

Cotswold Hunt News Item July 2001

Peterborough Royal Foxhound Show made history for the Cotswold Hunt. Following a series of extremely successful breakfast gatherings, which have done so well to keep us together during the foot & mouth crisis, a further breakfast event was held at the Puesdown Inn to celebrate our success at Peterborough. History was made by winning our first ever Bitch Championship with Captive '00. She is by VWH Guinness '92 out of Cashmere '95 and walked by Mr G. Brown. We have previously won the Dog Championship on three occasions, the last two during Tim Unwin's mastership. Captive was toasted by the Chairman and then made an appearance in the garden for all who were gathered. After so many gloomy months in the countryside, it was good to have an event at which to celebrate. The Masters said, "This win doesn't belong to any one person, it is something for everyone in the Cotswold Hunt to share. As far as we are concerned it is a real family affair we should all be proud of." Miss June Stevens reiterated the importance of the victory for the Hunt and added that everyone acknowledged the part played by Tim Unwin in breeding so many lovely hounds, including this one.
