

# Cotswold Hunt News Item July 2001

**Congratulations to Gemma Barnfield** who has a first rate article published in the summer 2001 edition of Country Sports. Gemma completed a school project on 'life at the Hunt kennels'. If you missed the article, as you thumbed quickly through, then 'dig it out' and sit back for a read (page 31). If anyone wants to write a school project about countryside sports or countryside issues (and you're not quite sure where to start) then send us an email. We have loads of help and information at hand! It's an excellent opportunity to inform your classmates and your teacher about the issues that are involved.
