## Cotswold Hunt warmly welcomed at Cheltenham Horse Show - 20th July 2002

On Saturday 20th July Cheltenham Horse Show was most welcoming to the Cotswold Hunt giving them an advantageous trade stand position on which was displayed London March information and the opportunity to talk with the public. Cheltenham is now the largest one day horse show in Britain and indeed is very impressive. In addition to meeting people on the stand we took windscreen stickers to the enormous lorry parks. It was very disappointing to see very little March advertising displayed, the Cotswold Hunt leads the way in putting Correx boards on ramps!! Keep it going.
