

Cotswold Hunt News Item July 2002

Hounds visit Withington Village - 21st July 2002

A great reception for the Cotswold Hounds at Withington Village. This was the first of a planned series of hound visits within the Cotswold Country, which will take place over the coming weeks. It is intended to widen the awareness of people to the Hunt and current political pressures which hunting is having to defend. Everyone is welcome at these visits. Feel free to bring other non-hunting people with you.
